

JHL-10 Cold Glue Labeler

JHL-10 is suitable for small cylindrical container such as glass, plastic, PET bottle with pre-cut paper label. The machine is economical and easy to operate. The performance is stable with a level off and good looking labeling result. The control system adopts convert motor system, the in line conveying bottle, supplying glue and label automatically. This automatic labeling system is ideal for food&beverage, medical industry, etc.

Key Features:

- Labeling speed up to 5000 bottles/Hour
- Simple Straight Forward Operator Controls
- Stainless Frame
- Open Frame design, easy to adjust and change the label
- Variable Speed with stepless motor
- Bottle feed-in and collection platform as optional part

Specifications:

Label speed	80-100 pieces/minute
Bottle size	Φ20~60 mm
Label size	Length:50mm-100mm Width:30-90
Presion	±1mm
Power source & consumption	1.5KW,220v,single phase, 50-60HZ (Optional)
Air consumption	4-6Kg
Dimensions	2100mm×900mm×1000 mm (Length × Width × Height)
Weight	500KG
Working direction	Left → Right (or Right → Left)
