- ★ Quickly adjust the size according to the packing requirements to adapt to different sizes of packing;
- ★ Different heads can be selected according to different products, adapting to a wide range of products;
- ★ It can be combined with unpacking machine, folding lid sealing machine and other models.

Technical Parameter:

Power Supply	3PH 220V/380V 50/60Hz
Machine Dimension (L*W*H)	1700*1950*2060mm
Height of Work Table	Feed-in worktable 850mm; out 650mm
Packing Size	500*500*200mm
Packing Weight	0-20kg
Capacity	20-120 cases/h
Power	4 KW
Air Pressure	6-8kg/cm ²
Packing Material	Carton
Working Noise	<85 decibel
