

Universal Grinder WF-B series

WF-B series grinder consists of WF model grinder, ESC collector of raw material and ESC deduster. It solves the problem that the dust is suffusing during the period of grinding.

Working principle:

The raw material is fed into the crushing chamber, and then it undertakes the comprehensive actions such as impacted by teeth, shearing force, friction force, and impacted between raw materials, finally the raw material is grinded. Through sieving, powder needed can be got.

Advantage:

1. The grinder, collector of raw material and ESC collective duster are all made of stainless steel and in conformity with the requirements of GMP.
2. Water cooling system, and conveyor screw can be equipped according to customer's needs.

Model	WF-180B	WF-20B	WF-30B	WF-40B	WF-50B	WF-60B
Capacity(kg/h)	10-30	30-200	50-300	100-800	200-1200	300-1800
Speed of principal axis(r/min)	4300	4300	3800	3400	2900	2900
Max size of raw material (mm)	<6	<6	<8	<10	<10	<10
Fineness of Processed power (mesh)	20-120	20-120	20-120	20-120	20-120	20-120
Power of motor(KW)	2.2	4	7.5	11	18.5	22

Model	L	W	H	Weight
	mm	mm	mm	kg
WF-180	890	500	1260	120
WF-20	1100	650	1300	250
WF-30	1250	700	1300	300
WF-40	1350	700	1700	400
WF-50	1500	1000	1750	650
WF-60	1500	1000	2700	950
