

Powder Packing Machine BSPM-320/420/520/620/720/820

Powder mica powder packaging machine is suitable for automatic packaging of flour, sugar, milk powder, monosodium glutamate, condiments, food additives, pesticides, washing powder, health tea powder, traditional Chinese medicine powder, etc. This machine is suitable for the quantitative filling and packaging of compound condiments, natural seasonings, food additives, flavors and fragrances, flour, milk powder, protein powder, solid beverage, sugar, monosodium glutamate, pesticide, veterinary medicine, washing powder, enzyme preparation, feed additive, chemical industry and new building materials.

Main Features:

1. The whole set of equipment linkage control, automatic control feed, no material, no packaging, no waste.
2. Imported Computer Control PLC system, Siemens Chinese and English touch screen, easy to operate.
3. Imported film feeding system and Color Standard Sensor, accurate positioning.
4. Excellent performance, low noise, good air tightness.
5. Packing speed and bag length can be set according to adjusting position.
6. Automatic Error Correction Function, save time and packaging materials. Kill. Accurate measurement, high packaging efficiency

Technical Data:

Models	BSPM-320	BSPM-420	BSPM-520	BSPM-620	BSPM-720	BSPM-820
Bag size(mm)	W:50-150 L:50-200	W:80-200 L:80-250	W:100-250 L:100-300	W:120-300 L:120-350	W:150-350 L:150-400	W:200-400 L:200-450
Bag Shape	Back Seal					
Power(kw)	2.5			3.5		
Packaging weight range (powder) (g)	≤200	≤500	≤1500	≤3000	≤4000	≤6000
Packing speed (bag /min)	25-60 (according to material characteristics and packing weight)					
Packaging Accuracy	±1% (according to material characteristics and packing weight)
