

LP-200 Automatic Bottle Unscrambler Machine

LP-200 Automatic bottle unscrambler machine has bottle elevator, unscrambling rotary plate, bottle-rejecting devices and unscrambling part, overturning bottle rejecting and electrical control cabinet. The machine is an improved model.

Technical Parameters:

Speed of Unscrambling	100mL:≤6000 bottles/hour
Applicable Bottle Size	Φ45-95mm
Applicable Bottle Height	80-240mm
Air Pressure	0.5-0.7MPa
Power Source	~200V 50Hz/2.07KW
Size (Bottle elevator included)	3550×1740×1800 mm(L×W×H)
Size (Bottle elevator excluded)	2560×1430×1400 mm(L×W×H)
Weight	Around 670Kg
