

## ***Industrial Horizontal Ribbon Blender For Chemical Powder WLDH-0.3***

WLDH series horizontal ribbon Mixing Machine can mix materials efficiently, quickly, in large quantities and evenly. The Mixer Machine is horizontal, the inner and outer two-layer spiral belt has a unique structure, smooth operation, reliable quality, low noise, long service life, easy installation and maintenance. This Industrial Blender can be customized or equipped with additional functions, such as heating function, manual or pneumatic discharge port and screw feeding.

### **Technical Parameters:**

- Model No.: WLDH-0.3
- Application: Medicine Processing, Chemicals Processing, Food Processing, Powder
- Max. Loading Volume (L): 240
- Loading coefficient: 0.4-0.8
- Power (kW): 4
- Weight (KG): 720
- Dimension(L\*W\*H)(mm): 2030\*630\*980
