

## Big Carton Box Cartoning Machine ZH-60

### Features

- Small footprint is ideal for space sensitive operations.
- User friendly design requires only one operateure.
- Simplified engineering design allows for ease of maintenance.
- Constructed with materials that meet G.M.P.
- Safety guarding.

### OPTIONS

- Hot stamp imprinter for coding expiration date or series number on the box.
- Hot-melt glue sealing cartoning Machine is available.
- Modification for automatic infeed system.

### Machine Detail Specs:

Model	ZH -60
Capacity	20-50 boxes/min
Box Size	L (40-165) mm×W (12-80) mm×H (12-80mm)
Box Quality requirement	250-350g/m2
Working Pressure	0.5-0.8Mpa 150L/min
Motor power	220V 50Hz 1.5KW
Overall dimension	1100×1500×1900
Machine weight	450kg
