

## CS-1 Economic Can Seamer (No Nitrogen & Vacuum)

### Applications:

Can seaming machine without vacuum and nitrogen flushing for walnuts, mixed nuts, almond, candy, confectionery, seed etc

### Typical Packaging Application:

- high product of jar, can, tin
- together with granule filling machine
- connect with granule filling line

### Features:

- Simple Operation
- Compact Design
- Economic
- Convenient
- High Speed

## Technical Dates:

Model	CS-1
Capacity	40cans/min
Can Diameter	Φ35-100
Can Height	50-200mm
Aire Pressure	≥0.6MPa
Air consumption	100L/min
Powder Consump	1.1Kw
Voltage	1phase 220V 50Hz
Overall Size	3000*900*1800
Weight	500kg

## Can/Tin Sample:
