

CFA Series Full Automatic Bottle Filling and Sealing Machine

The machine is suitable for filling and sealing plastic bottle product, use relevant material of complex film to sealing the plastic bottle product. It is specially fit for the filling and sealing of Fruit Juice, Milk and Clabber and similar product. The machine is controlled by PLC. Automatic production Level is high, the all programs from measurable filling, lid auto-making, lid auto-falling and done by full automatic. It has the advantage of high efficiency. It can do the filling and Sealing of 8 or 12 bottles at the same time.

Capacity	7,000~10,000 btl./hr(100cc Bottle)	生产效率	7000~10000瓶/小时(容量 100cc)
Power	6KW,380V,3-phase	使用电力	三相380V 6KW
Air Consumption	0.6 m ³ /min (0.5-0.7Mpa)	最大耗气量	0.5~0.7Mpa,0.6 m ³ /min(接收气源)
Dimension	4000X800X2400mm	外形尺寸	4000×800×2400mm
Weight	About 1.2T	重量	约1.2吨
