

HL-KC420 Granule Automatic Packaging Machine

Suitable for automatic packaging particle materials like all kinds of sweets, chocolate, biscuits, peanuts, nuts, rice, grain, seeds, pistachio, coffee beans, lima beans, sugar, salt and desiccant.

Features:

- Imported PLC control system, simple-operating, visual touch screw.
- Servo film feeding system, correct register, sealing and cutting positions adopt automatic correction device, high automation.
- Intelligent temperature controller is used, correct temperature control, ensure nice, smooth seal.
- Perfect automatic alarming protective function; reduce the consumption up to the lowest.
- When the machine is combined with metering equipments, full packaging process including automatic feeding, metering, bag filling, date printing and automatic counting is completed.
- Type of bag making: according to customer's demand, the machine can produce pillow bags, punched hanging bags.

Technical Parameter:

Model	HL-KC420
Packing Speed	30Bags/Min
Measuring Range	100-2000g
Filling way	Four weighing hopper
Bag Length	80-400mm
Bag Width	80-200mm
Voltage	3.5KW/220V
Packing type	Back sealing
Motor	Servo motor
Size	170*115*275cm
