

## *Ointment Filling Machine*

We specialize in deliver custom ointment filling machine that can be used to fill various products like bam, hot balm, molten, wax, lip balm, cream etc in molten condition. We provide machines to fill viscous and semi viscous fluids in various types of containers. The machines are auto piston type that is rational in design, compact with pneumatic components. Our machines are popular providing disturbance free heavy duty performance and available at the most affordable rates.

### **Features**

- The part contacting materials is made of 316L stainless steel.
- Both filling volume and filling speed can be adjusted at will, filling accuracy is high.
- Filling head adopts anti-leakage and lifting filling device

### **Specification**

- Power Supply : 220/110V 50/60Hz
- Air Pressure : 0.4-0.6MPa
- Filling Speed : 5-120 Bottles/min
- Filling Accuracy:  $\leq \pm 1\%$
- Filling Range : 25-60ml 50-125 ml 100-250 ml 200-500 ml and 400-1000 ml

<b>BRAND NAME</b>	<b>BHAGWATI</b>
Model Number	SB FILL Series
Type	Filling Machine
Packaging Material	edible oil, paste, jam, sauce
Automatic Grade	Automatic
Power	according to different model
Application	Food
Condition	New
Packaging Type	Bottles
Driven Type	Electric / mechanical / pneumatic
Filling liquid	sauce, jam, paste, edible oil etc. viscosity liquid
Bottle material	PET bottle / HDPE/ Glass
Cap material	plastic screw cap / ROPP / Lug / Press
Bottle volume	250ml – 2000ml
Filling valve	piston filling
Production capacity	5000bph – 20,000bph
Machine material	SUS (according to your requirement)
