

SF-200 Automatic Cosmetic Round Jar Bottle Labeling Machine

The cosmetic round bottle labeling machine can apply labels to lotion bottles, gel bottles, cream jar, and other cosmetic round bottles.

The automatic cosmetic round bottle labeling machine can label all kinds of round bottles, such as sunscreen, skin care products, essence, hand cream, toner, talcum powder, baby powder, face cream, shower gel, shampoo, hand soap, detergent, deodorant particles, etc.

Features

1. The machine can automatically complete the processes of bottle conveying, label conveying, labeling, bottle output, etc.
2. The labeling head is controlled by servo motor, which has higher labeling accuracy and higher work efficiency.
3. The label rack adopts a double-stage clutch design, which runs smoothly and reliably, and effectively prevents paper jams.
4. Adopt Mitsubishi PLC control system to realize intelligent operation of equipment, easy adjustment and maintenance.
5. Set machine parameters through the touch screen, support multiple languages, and the operation is simple and easy to understand.

Specification

Labelling speed	30-40 bottles/min
Labeling accuracy	±1mm
Label width	15-130mm
Applicable produce height	30-200mm
Applicable product diameter	Φ30-100mm
Applicable inner diameter of paper	Φ76mm
Applicable outer diameter of paper	Max. Φ300mm
Dimension	2000(L)*900(W)*1400(H)mm
Weight	200kg
Power	220V, 50/60Hz, 1.2kw
