

Auto Sachet Liquid Filling Sealing Packing Machine AS-1000/2000

Widely uses in the milk, the fermented bean curd, each kind of drink, the soy sauce, the vinegar, the liquor and so on each kind of liquid.

Single polyethylene film wrapper, can carry on the ultraviolet ray to be antiseptic automatically, the feed bag formation, the date printing, the quota fill install, seal gather shut off disposable complete.

The complete machine uses the stainless steel structure, achieves the international sanitation standard.

Machine performance steady reliable, the operation is simple, the failure rate is low.

Optional: organic glass shade, ribbon code printer, ultraviolet radiation sterilization, etc function.

Feature:

Widely uses in the milk, the fermented bean curd, each kind of drink, the soy sauce, the vinegar, the liquor and so on each kind of liquid.

Single polyethylene film wrapper, can carry on the ultraviolet ray to be antiseptic automatically, the feed bag formation, the date printing, the quota fill install, seal gather shut off disposable complete.

The complete machine uses the stainless steel structure, achieves the international sanitation standard.

Machine performance steady reliable, the operation is simple, the failure rate is low.

Optional: organic glass shade, ribbon code printer, ultraviolet radiation sterilization, etc function.

Parameters:

Type	AS-1000	AS-2000
Bag-making	50-150mm	50-250mm
Length		
Bag-making width	40-150mm	40-175mm
Packing film width	100-320mm	100-380mm
Packing capacity	50-500ml	200-1000ml
Packing speed	2000-2200bags/h	1100-1300pcs/h
Power	1.6kw	2.5kw
Overall dimension	880*760*1800mm	1050*850*2050mm
Weight	275kg	380kg
