

GZB-260 Flow Packing Machine

Flow Packing Machine is designed for the second packing of ALU-PVC blister in the pharmaceutical industry, to improve the moisture resistance, and increase the lightproof. This machine adopts PLC to make it programmable. It can equip a coder to print batch number, production date, expiry date and others. This machine can save 20 percent per bag than manual packing machine. With the new ALU-ALU feeder that we designed for all kinds of tablets, our machine can be a truly automatic packing machine.

Main Technical Parameters:

Production Capacity	30-100 Bags/min (Depending on packing materials)
Packing Size	L80-180mm, W30-110mm, H5-35mm (Designed according to users' requirements)
Rated Frequency	50Hz
Rated Voltage	AC220V
Total Power	2kw
Weight	750kg
Overall Dimension	(L×W×H) 3550×770×1600mm
