

Automatic Single Adhesive Sticker Labeling Machine

It is suitable for the labeling of various round bottles, such as food, condiment, medicine, alcohol, oil, cosmetics and other industries. Can select code printer or inkjet coder to labeling head to realize print product's date, system number, bar code and other information. It is also suitable for assembly line.

Specifications

This automatic labeling machine is equipped with PLC control panel, which can help you adjust working data easily. It can be used for single side or double side labeling stickers on round bottles. It is made of high quality material and imported machine parts. This machine is widely used in food, drinks, cosmetics and daily chemical industries.

- ▶ High working speed, it can label 25-50 bottles/min.
- ▶ Suitable for single and double side labeling.
- ▶ Made of high quality material and important machine parts.

Technical Parameters:

Power supply	AC220V 50Hz/60Hz 1000W
Labeling capacity(bottles/min)	25-50 bottles/min (depends on bottle size)
Labeling accuracy(mm)	±1.0mm
Suitable Bottle Diameter	Φ12-100mm
Label size(mm)	(L)20-300mm (H)15-100mm
Roll inside diameter(mm)	Φ76mm
Roll outside diameter(mm)	Φ350mm
Conveyor Size	112*2000mm(W)
Machine size	About (L)2000*(W)820*(H)1380(mm)
Machine weight	About 180kg
Packing Size	About (L)2100*(W)890*(H)1520(mm)
Package weight	About 250kg
