

Capsule/Soft gel/ Tablets Sachet Packing Machine with Counting Plates DCP-240

This machine suitable for the full automatic packaging for round and ball material of foods, medicine, chemicals, such as sugar coated tablets, normal tablet, chocolate beans and capsule etc.

Features

1. Big LCD interface, easy to operate
2. Numerical Controlled bag length, user friendly and accurate bag size
3. One button to set color-code tracing; self-monitoring pre-set errors; high precision cursor; low requests on photo-electrical sensor; lower manufacture cost
4. Smart control. When the machine stops, the Thermal Sealers stay open.
5. Either under color code tracing mode or Set-length mode, broken film can be sensed and automatically stops the machine
6. Error-tolerant technology under color-code tracing mode, one or two Color Code missing won't affect packing
7. Batch control, convenient for bulk packing
8. The bag-pulling motor can work separately without starting the Clutches.
9. Thermal Sealers can be controlled separately, easy for testing
10. Optional English or Chinese language interface
11. Cleanly arranged Electric Control Box
12. All input and output status are LED displayed, easy to operate and maintain
13. The front vibration of bag-former can be set by software, saving one Proximity Switch
14. Data auto saved

Technical specification

Model	DCP-240
Sealing type	3/4-side sealing
Measurement	Piece-counting type
Cutting type	Zigzag cutter or Straight cutter
Sealer	Horizontal sealer: line or diamond type Vertical sealer: Line or diamond type
Speed	40-60bag/min(depend on product)
Bag size	W:30-100mm, L:30-150mm(adjustable)
Total power	1600W
Voltage	220V 50HZ 1P
Machine weight	190kg
Machine size	(L*W*H)625*751*1558mm
Machine Material	Touch material: SS304 Machine shell: SS304 All exposed screws: SS304 Roll film stent: SS304
