

## *ST-6030A+SM-6040 Auto (PE) Shrink Packager*

Auto shrink packager is a fully automatic production line integrated with automatic conveying, feeding, cutting and shrinking process. We can also design straight-line of 90° rotational drives according to customers' requirements. It adopts advanced German technology and is elaborately manufactured according to European technology. All the electrical components of this auto shrink packager are from international famous brand such as FESTO and SIEMENS from German, NORGEN from Britain and OMRON, NAIS and FUJI from Japan, etc.

### **Application**

1. Auto shrink packager is suitable for large quantities of automatic shrink packaging items such as pop-top can, glass bottle, beer and mineral water.
2. Shrink wrapping machine can be also used in wood packing, rolled steel, ceramic and household appliance industries.
3. Auto shrink packager is specially designed for large and heavy packaging and is applicable to PVC and PE shrink film.

### **Features**

Finished products of auto shrink packager have compact structure and neat appearance. They have reliable performance for storage and long-time transportation.

## Technique Parameter

<b>Model</b>	<b>ST-6030A</b>	<b>SM-6040</b>
Horizontal Height and Length of Feeding Conveyor	850±50 mm/1500 mm	850±50 mm
Max Packing Dimension	L600×W300×H300 mm	L Unlimited×W600×H400 mm
Packing Speed	10-18 pcs/min	0-12 m/min
Rated Power	1Φ/220V 2KW	3Φ/380V 18KW
Shrink Time/Temperature	0.5-1.5S/0-250°C	0-6S/0-250°C
Width/Thickness of Film	MAX600 mm/0.04-0.12 mm	MAX600 mm/0.04-0.12 mm
Overall Dimensions	L1000×W2700×H2000 mm	L3000×W970×H1400 mm
Gross Weight	675 kg	370 kg
