## TZ450 *Straight-line Labeling machine*

### Main application:

this machine is suitable for hard cylindrical container to labeling in the industry sectors of medical, food and chemicals ,etc.

### Main technical parameter:

type	TZ200	TZ300	TZ400
specification	140*120	140*120	140*120
production ability	60-200 bottle/min	100-300bottle/min	200-450 bottole/min
quantity of label-entering	1	2	3
capacity	2.0kw	2.0kw	3.0kw
overall size	2800*950*1100	2800*950*1100	3000*1110*1000
net weight	800kg	800kg	1000kg

### Unction feature:

It can automatically finish some procedure as conveying bottle, coating glue, sending label, printing batch number, labeling, etc. In this manner, it can reach stable and reliable labeling, with out apposition, no foaming ,high efficiency, strong commonality, easy operation, etc. And it can realize no bottle no label-sending, no label-taking ,no batch number-printing(only for TZ200),no labeling.
