## ZDA-S8320L 3 Side Sealing Screw Packing Machine

Able to automatically complete discontinuous running of measure, filling, counting, printing (it is necessary to separately configure coder), merging functions of photoelectric trace and stepless speed regulation into a single whole with back seal as its seal mode.

This machinery is suitable packing monosodium glutamate, oatmeal, granulated sugar, seasoning, puffs food, seed, tea, powder and not easy to conglutinate.

### Technical parameters:

Size Of Bag	L50-200(mm) W50-120(mm)
Range Of Measurement	5-50(ml)
Packing Speed	35-90(bag/min)
Power	1.5(kw)
Weight	300(kg)
Dimension	650x900x1750(mm)
