

JZX-1B Automatic Vacuum Capping Machine

This machine adopts the high efficiency sealed vacuum chamber structure; Vacuum degree can be set as required. Can feeder the bottle automatic, make vacuum automatic, automatic capping, automatic bottle out. This machine applies for condiment, honey, oil, wine industries of the shaped glass screwing bottle automatic pumping sealing.

Technical parameters:

- ◆ Cap size : $\Phi 30\text{mm} \sim \Phi 80\text{mm}$
- ◆ Suitable height of bottles : $\Phi 30\text{mm} \sim \Phi 180\text{mm}$
- ◆ Production capacity : ≤ 3000 bottles/hour
- ◆ Air pressure : $0.6 \sim 0.8\text{Mpa}$
- ◆ Amount of Air-consuming : 20 l/min
- ◆ Power supply : AC $380\text{V}/50\text{Hz}$
- ◆ Power : 0.8Kw
- ◆ Machine weight : about 400Kg
- ◆ Machine dimension (L×W×H) : $2000\text{mm} \times 800\text{mm} \times 1800\text{mm}$
