

YL-2 desktop tablet counting machine

YL-2 is a new design for laboratory production and small batch capacity manufactured. Desktop style for tablet & capsule count but small size and light weight. Once start with one bottle and automatically to count the next when finished, easy picking up and putting down the bottle by hand.

Features:

- 1) The number of pellet counted can be arbitrarily set up among 0-9999.
- 2) Stainless steel material for whole machine body can meet with GMP specification.
- 3) Easy to operate and no special training required.
- 4) Precision pellet count with special electrical eye protection device.
- 5) Rotary counting design with fast and smooth operation.
- 6) The rotary pellet counting speed can be adjusted with steeples according to the bottle putting speed manually.
- 7) The interior of the machine is equipped with dust cleaner to avoid the dust effect on the machine.
- 8) Vibration feeding design, the vibration frequency of the particle hopper can be adjusted with steeples based on the needs of the medical pellet output.

Technical Parameters:

Model	YL-2
Production Capacity	1000-1800 tabs/min
Power	220V, 50Hz, 0.5Kw
Packing size	780*680*720 mm
Packing Weight	100 kg
