

Drip Ear Coffee Bag Packing Machine UMEO-T-16K

Instant coffee drip coffee packaging machine is an inner and outer package solution.

Feature

- The whole machinery adopts PID temperature controller to make more accurate temperature;
- The outer bag forming is controlled by the stepping motor to make the more stable and positioning bag length;
- Adopts imported brand PLC and colorful human machine interface control system, easy to operate;

- The whole packaging machinery with pure stainless steel 304 material for all material touch parts to make sure the coffee package is clean and safe;
- Outer bag vertical sealing adopts clipping and pulling forming principle to make the finished bag looking more perfect;
- The whole machine connected to ground to make the operation more safely.
- The complete automatic package processes include: feeding, weighing, filling, forming, sealing, cutting, printing and output.

Application

Automatic drip coffee bag packing machine is suitable for different coffee powder package.

Technical Parameters:

Model	UMEO-T-16K
Outer Bag Size	L: 90-130mm,W:100mm
Inner Bag Size	L: 75mm , W: 90mm
Packing Speed	20-40 bag /min
Dosing	10 gram
Power	220V AC 50/60Hz,single phase,2.0kw
Package Material	Filter drip coffee bag,foil laminated etc
Machine Dimension	L1560 x W880 x H2600 mm
Net Weight	420 kg
H.S.Code	8422.3030.90
