

HU-350B/HU-350D Pillow Type Packaging Machine

HU-350 automatic pillow type packaging machine is suitable for packing all kinds of regular objects such as biscuit, rice, snow cake, yolk pie, chocolate, bread, instant noodles, moon cakes, daily necessities, industrial parts, paper boxes or trays.

Optional device:

1. Code machine
2. Straight round in the seal
3. Anilox sealing mold
4. Large touch screen

Main performance and structural features:

1. Dual inverter control, bag length that is set to cut, no need to adjust the air to go, one step in place, save time and film.
2. Man-machine interface, parameter setting convenient and quick.
3. Fault self-diagnosis function, fault display at a glance.
4. High sensitivity photoelectric eye color tracking, digital input sealing position, so that the sealing position more accurate.
5. Temperature independent PID control, better for a variety of packaging materials.
6. Stop positioning function, do not stick knife, do not waste the film.
7. Transmission system is simple, more reliable, more convenient maintenance.
8. All control by software to facilitate functional adjustments and technology upgrades, never backward.

Technical Parameters:

| Model | HU-350B | HU-350D |
|----------------------|------------------------|-----------------------|
| Film width | Max.350mm | |
| Bag length | 120~280mm or 65~190mm | 150~330mm or 90~220mm |
| Bag width | 50-160mm | |
| Product height | Max.45mm | Max.60mm |
| Film roll diameter | Max.320mm | |
| Packaging speed | 40~230 bags/min | |
| Power specifications | 220V, 50/60HZ, 2.6KVA | |
| Machine Size | (L)4020×(W)745×(H)1450 | |
| Machine Weight | 900Kg | |
