

Tea/Coffee Bag Packing Machine DCCY-1/2/3

This machine is suitable for the packaging of particulate products such as broken tea, health tea, scented tea, etc.

The control system is operated by servo motor +PLC touch screen, It is easy to operate.

Features

1. The temperature of sealing for filter tea bags and outer envelope bags and tags are controlled separately by PID, which is suitable for tightly sealing for different package material and different thickness material. the sealing type can be customized to heat sealing for filter paper or ultrasonic sealing for non-wovens fabric.
2. This machine is an automatic multi-functional tea bag packaging equipment with a new heat sealing type. The inner and outer bag forming is finished at the same time, avoid direct contact with the packing material and improve working efficiency. Inner bag is made of filter paper, and outer bag is made of Composite paper.

Technical specification

MODEL	DCCY-1	DCCY-2	DCCY-3
Packing material	Filter paper with string and tag	Inner bag used filter paper with string and tag Outer bag used composite packing film	Inner bag used imported drip filter paper Outer bag used composite packing film
Sealing	Three side sealing	Inner bag and outer bag	Inner bag and outer bag
Range of measurement	3~10ml	3~15ml	3~15ml
Bag size	Length :60-75mm width :55-70mm	Inner bag: L 50-75mm W 50-75mm Outer bag: L 85-120mm W 75-95mm	Inner bag: L 50-75mm W 50-75mm Outer bag: L 85-120mm W 75-100mm
Power	220v or customized	220v or customized	220v or customized
Voltage	1.5KW	3.7KW	3.7KW
Machine weight	320KG	650KG	620KG
Machine size	600*790*1780mm	1050*700*1780mm	1050*700*1780mm
