

## *PL-420CZ-14 Automatic Weighing Packaging Machines*

### **Performance and features**

1. Chinese and English touch screen display, intuitive operation, simple.
2. PLC computer control system, more stable operation, can adjust any parameters without stopping.
3. Can store ten groups of parameters, replace the variety more accurate.
4. Servo motor pull touch, more accurate positioning.
5. Independent temperature control system, accuracy up to 1C.
6. Horizontal and vertical sealing temperature independent control, can be good for all kinds of composite film, PE film and other packaging materials.
7. The variety of packaging style, back seal, insert Angle, even bag, punching and so on.
8. Bag making, sealing, packaging and printing date can be completed in one time.
9. The working environment is clean and the noise is small

**Technical Parameters:**

<b>Model</b>	<b>PL-420CZ-14</b>
Blanking way	Fourteen combined electronic scale
Bag type	Back seal pillow bag
Measuring range	10-1000 grams
Precision	0.5-2 grams
The bag size	L:80-300 – mm, W:50-200 – mm
Packing speed	25-30 bags/min
Control mode	PLC control system + Touch screen in English and Chinese
Air supply	0. 3cbm/min, 0. 65-0. 8Mpa
Power	3.5 KW
Power supply	3Φ 380 v, 50 hz
Chassis appearance	Stainless steel
Gross weight	1100KG
Size	L3500 * W 2150 * H 3500 mm
