- 4) Intelligent temperature control by temperature controller to make heat balance better. Use bilingual display screen control system and stainless steel cabinet
- 5) Fine packaging performance, low noise, clear sealing texture and strong sealing performance
- 6) With safe plastic box on rotating blade to avoid hurting operators hands
- 7) Need to change new temperature controller, blade& pressing mode only after 3 years continuous operation, 2 shifts a day and other parts is still good and safe freely)
- 8) With printer (to be able to code the date and batch number) and rotating blade (be able to adjust the length of bag and shape of bag notch edge packing.

Technical Parameters

Model	YDB-60
Capacity	30-60 bags/min
Range of measurement	10-150ml
Bag size	(L)40-160mm (W)40-110mm
Power	1180W
Voltage	380V/50HZ 220V/50-60HZ
Packing material	Paper/the polyethylene, nylon/polyethylene, tea filter paper, etc
Net weight	260kg
Overall dimensions	(L)800*(W)800*(H)2000mm
