

DPB-T Vial Ampoule Blister Packaging Machine

DPB-T Vial Ampoule Blister Packaging Machine is suitable for packaging of ampoules, vials, oral liquid bottles and small round bottles in pharmaceutical, chemical, food etc. industry. DPB-T Vial Ampoule Blister Packaging Machine is integrated pneumatic-photo-electro-mechanic, controlled by PLC and man-machine interface. It meets packing requirement of small round bottle such as ampoule for automatic printing, tray forming, feeding and cutting. It is featured of compact structure and convenient operation.
