

Tablet Capsule Soft gel Sachet Packing Machine DXDP-300

Tablet capsule softgel sachet packing machine, as its name suggested, can pack tablet, capsule, softgel, sweets, and other small pieces. This machine can pack single product, or several products combined, such as tablet with tablet, tablet with capsule, capsule with softgel, or even with a card. This machine can be highly customized as per requirements. A check weigher with high accuracy can be equipped with this pieces sachet packing machine so that any sachet filled with wrong weight can be automatically rejected. This customizable sachet packing machine is widely used in pharmaceutical, nutrition, hardware, foodstuff and other industries.

Features:

- Sachet-making, measuring, filling, sealing, cutting and counting are all finished automatically.
- Either under set length control or photo-electronic eye-mark tracing, sachet length can be set and cut in one step. Time and film saving.
- The temperature is under independent PID control, more suitable for different packing materials.
- The driving system is simple and reliable, and maintenance is easy.
- Applicable material can be composite films like: PET/PE, Paper/PE, PET/AL/PE, OPP/PE.
