

Drip Coffee Bag Packing Machines

This Drip coffee Bag Packing Machine is engineered to precisely fill and seal hanging ear coffee bags, ensuring consistent quality and freshness. Its user-friendly interface allows for easy operation and customization of packaging parameters. Designed for efficiency, it boasts high-speed packing capabilities while maintaining accuracy and reducing waste. Ideal for small to large-scale operations, this machine enhances productivity and ensures a professional presentation of your coffee.

Function:

Automatically measuring volume, making bags, filling, sealing, cutting, printing the lot number and cutting easy tearing notches, finished product conveying. Applicable for the granule product.

Standard Features:

- 1) Famous brand PLC control system, large touch screen, convenient to operate;
- 2) Advanced design, high precision and fast speed;
- 3) No film alarm, saving materials and no wasting film;
- 4) Photoelectric tracking system for precise bag length and position of film.

Technical Parameters:

Model	Drip coffee Bag Packing Machines
Speed	20-40 bags/minute
Bag style	3 side seal bag/Hanging ear bag
Packing range	5-10 g(15- 33 ml)
Inner bag size	70- 74 mm(L) 90 mm(W)
Outer bag size	120 mm(L) 100 mm(W)
Voltage	3.7KW, 220V/380V, 50Hz/60Hz
Air Consumption	0.4m3/min, 0.6MPa
Dimensions	1720 * 900 *2270 mm (L * W * H)
Machine weight	660kg
Construction	Frame, electric cabinet and food contact parts are made of SUS304
