

SF-200T Automatic Double Sided Sticker Beverage Bottle Labeling Machine

The automatic double-sided labeling machine is suitable for single-sided/double-sided labeling of flat bottles, round bottles, and square bottles, such as shower gel, shampoo, laundry detergent, hand sanitizer, cosmetics, red wine, juice, jam, sauce, etc.

Feature

1. The machine adopts modular link technology, which can be quickly matched with other production line equipment.
2. The cam brake mechanism is adopted, the tension is uniform, and the label is effectively reduced;
3. The label rack adopts a double-stage clutch design, which runs smoothly and reliably, and effectively prevents paper jams.
4. Adopt Mitsubishi PLC control system to realize intelligent operation of equipment, easy adjustment and maintenance.
5. Labeling parameters can be set through the touch screen, and 50 sets of labeling parameters can be stored, and the labeling product can be replaced without repeated debugging.
6. Equipped with multiple high-precision sensors, it can realize no labeling without material and reduce label waste.

Technical Parameters

Labeling speed	60-100 bottles/min
Labeling accuracy	±1mm
Label width	15-200mm (can be customized)
Applicable product size	Customized according to customer requirements
Applicable inner diameter of paper	Φ76mm
Applicable outer diameter of paper	Max. Φ350mm
Dimension	3000(L)*1500(W)*1800(H)mm
Weight	400kg
Power	220V, 50/60Hz, 2kw
