

YS-812-L Automatic Packaging Machine for Round-Corner Custom-Shaped Bags

Machine Introduction

- Equipped with a touch-screen interface and PLC control system, allowing for precise packaging length settings to minimize material waste.
- Pillow-type (back-seal) with round-corner custom-shaped bag packaging is adopted for a sleek and compact appearance.
- All contact surfaces are made of stainless steel, complying with food safety and hygiene standards.
- Fully automated operation from weighing → bag forming → filling → sealing → cutting, streamlining your production process.
- Integrated finished bag counting function for easier production management.
- Features an easy-tear notch design for user-friendly opening.
- Offers stronger, more secure seals compared to traditional methods. The rounded-edge, precision-punch cutter is highly durable, minimizing wear and ensuring long-term reliability.
- Customizable machine design available based on specific client requirements.
