

Soap Wrapping Machine | Horizontal Packing Machine SZ180

Its suitable to Pack Daily necessities like: Soap packaging machine, Washing sponge packaging machine, Napkin tissue packing machine, cutlery packing machine, spoon packing machine, forks packing machine, face mask packing machine, etc.

Main characteristics & Structure features

1. Compact machine structure with smaller footprint area.
2. Carbon steel or stainless steel machine frame with nice appearance.
3. Optimized component design realizing fast and stable packing speed.
4. Servo control system with higher accuracy and flexibility mechanical motion.
5. Different optional configurations and functions meeting different specific requirements.
6. High accuracy of color mark tracking function.
7. Easy to use HMI with memory function.

Specification

Model	SZ180 (Single Cutter)	SZ180 (Double Cutter)	SZ180 (Triple Cutter)
Bag Size: Length	120-500mm	60-350mm	45-100mm
Width	35-160mm	35-160mm	35-60mm
Height	5-60mm	5-60mm	5-30mm
Packing Speed	30-150 bags/min	30-300 bags/min	30-500 bags/min
Film Width	90-400mm		
Power Supply	220V 50Hz		
Total Power	5.0kW	6.5kW	5.8kW
Machine Weight	400kg		
Machine Size	4000*930*1370mm
