

Automatic Food Packing Machine for Powder SJIII-K100

Automatic control system, intelligent temperature controller, automatically complete the entire packaging process: Bag making, dosing, filling, sealing, cutting, counting, printing batch number, etc. Suitable for packaging all kinds of granular materials 304 stainless steel for food and drug hygiene permit standards.

Parameters:

MODEL	SJIII-K100
LENGTH OF BAG mm	40-150
WIDTH OF BAG mm	30-120
THICKNESS OF BAG mm	60-240
VOLUMN OF CUP ml	5-100
SPEED bags/min	30-60
POWER kw	1.4
PNEUMIC mpa	0.6
PNEUMIC COMSUMPTION l/min	100
SIZE OF MACHINE mm	800*1000*1800
WEIGHT OF MACHINE kg	300
ADDITIONAL PRINTER	230
