

SH-SLJ3 Automatic Customizable Inclined Screw Conveyor Powder Hopper Auger Feeding Machine

Main Feature

- ▶ Used to transport or feed powdered materials from storage hopper to the filling machine to realize automated powder supplying.
- ▶ This machine uses an auger to move the powder in a controlled manner.

Parameter

- Power supply: 380V 1.5KW/380V 2.2KW
- Conveying capacity: 0.5m³/h/2.3m³/h
- Hopper volume: 100L/200L
- Hopper size: L780*W690*H850mm (L30.8*W27.2*H33.5 inch) / L980*W900*H1000mm(L38.6*W35.5*H39.4 inch)
- Feeding pipe diameter: φ89mm/Φ114mm
- Lifting height: 1-3m(39.4-118.2 inch)/2.28m(86.6 inch)
- Vibrator: 55W/55W
- Lifting angle: 45°/45°
- Machine weight: 120kg/130kg
