

CM-AB2000 Labeling machine

Labeling machines are applied to various operations such as sticking a label on plane, post surface, single side or multi-sides of a package, sticking labels covering part or all of the surface of a cylinder, or sticking on sunken locations and at edges or corners.

We can offer simple and economical solutions in China according to your requirements.

It can label for round bottles (which can be conveyed vertically) or on side surface of other packing

Technical Parameters:

Model	CM-AB2000
Power supply	IP 220V 50HZ750W
Air pressure	2-5 kg/cm ²
Applicable container height	50-300mm(3:1 ratio for height and diameter)
Applicable container diameter	Φ 25-100mm(> Φ 100mm need to customize)
Applicable label	adhesive sticker(transparent and special stickers need to customize)
Applicable label range	L(1 5-250)mmxH(≤120)mm
Space between labels	≥3mm
Label scroll	± 1 mm(except container error)
Table height	950 mm
Machine dimension	L1800mmxW1100mmxH1700mm
Machine weight	250kg
