

Multi-Lane stick filling sealing packing machine SL480

The scope of application:

Applicable to liquid, powder, granules and other materials of the strip packaging

Main Features:

1. The machine is modular design, easy to maintain, convenient to adjust;
2. Can be used with kinds of filling devices: servo argue, granule volume cup, liquid pump;
3. Adopted imported electrical and pneumatic components to keep the machine is more durable, PLC and touch screen operation is simple and intuitive;
4. PID temperature controller monitors heat sealing temperature within $\pm 1^{\circ}\text{C}$.
5. It can achieve a variety of sealing patterns, cutting function is optional.
6. According to bag size to achieve 4, 6, 8 Lane;

Technical parameters:

Machine type	SL480
Fastest packing speed	120-250 bags / min
Bag form	Backpack bag
Bag size (mm)	Bag width 20-50
	Bag length 80-200
Maximum film width (mm)	480
Packaging film material	Composite film, aluminum film
Dimension (mm)	1500 (W)×1300 (L)×1860 (H)
Power supply	220V 50HZ
