

High Speed Linear Bottle Washing Machine CPTLW-120/240

We are among the leading names of the industry, that present High Speed Linear Bottle Washing Machine that is provided at affordable rates. These high performance machines are manufactured using advanced technology based machines. Due to the constant operation and longer functional life, these efficient machines are highly desired.

Features:

- Constant operation
- Efficient performance
- Longer functional life

Technical parameters:

Model	CPTLW - 120 (Tunnel Type)	CPTLW - 240 (Tunnel Type)
Vial	Min. 5 ml to Max. 30 ml.	Min. 5 ml to Max. 30 ml.
Output	120	240
Power Require	5 HP, 440 volts, 3 phase	5 HP, 440 volts, 3 phase
Net Weight	1250 Kg. Apx.	1500 Kg. Appx.
Gross Weight	1450 Kg. Apx.	1700 Kg. Appx.
