

Automatic Milk Bag Packaging Machine AMBF-1000 R

We have brought qualitative assortment of liquid Automatic Milk Bag Packaging Machine which are fabricated of high grade of raw material. The packaging machine finds application in packing wide range of products including liquid Filling range of the products is 10-1000 ml depending upon bulk density of products. Special features of the oil, liquid filling machine are listed below:

- Other electrical technical specifications of the packaging machines are as follows:
- Power input: 1 phase 230 V Ac, 50 Hz
- Motor: 1440, 1 phase or single phase
- Heaters: 350 W x 3 Pcs
- Temperature controller: digital temperature controller
- Fully automatic photocell control

Product Details:

Model	AMBF-1000 R
Power (KW)	3 KW
Capacity	30-50 packet /min
Dimension (L*W*H)	3 X 5 X 7 FEET
Driven Type	Electric, Hydraulic
Voltage (V)	430 V
Filling Range	200-500 ML-1000 ML
Packing Range	200-500-1000 ML
Packaging Type	Pouches
Packing Material	LD
Machine Control System	PLC
