

Automatic High Speed Stand up Pouch Liquid Paste Filling Sealing Packing Machine YLM-PMHZ-140D-LP

This automatic stand up pouch liquid filling and sealing machine is a low cost high speed pick fill seal doypack packing machine. It is for packaging two pouches at a time.

Introduction:

- The high speed premade pouch filling sealing machine is for packaging liquid products or paste products into premade stand up spout pouches or premade bags.
- It can do filling and sealing for such bag types as doypack, spout pouch (with nozzle or cap in the corner of the pouch), four sides sealed bag, paper bags, etc.
- This high speed premade stand up pouch packing machine is composed of a dosing & filling pump, a liquid material hopper and an automatic premade pouch pick fill seal machine.
- It does material dosing and filling (by pump), premade bag picking up, date printing, opening, filling and sealing fully automatically with a high packing speed of 30-80pcs per minute.
- Easyrealm is one of the premade pouch packing machine manufacturers in China. We are manufacturing and supplying all kinds of premade bag packing machines at low cost, such as single station premade pouch packing machine, double station pick fill seal machine, mini doypack packing machine, automatic linear premade stand up zipper pouch packaging machine for granules, premade zip lock bag powder filling machine, premade liquid spout pouch filling and sealing machine, etc.
- All kinds of premade zipper bag packing machine can be custom designed and fabricated to your specific specifications or requirements.
