

KV-100FS Coffee Powder Packing Machine

Features

- All machine parts in contact with the products are made of 304 stainless steel which is comply with the standards of SC certification of food and GMP certification of drug.
- Standard internationally renowned brand PLC, it has stable performance and can realize full automatic control of various functions.
- Standard colorful touch screen, all functions can be automatically controlled through the screen, simple and convenient operation.
- Standard frequency converter can realize automatic speed regulation without shutdown the machine and protect circuit automatically, prevent overcurrent, overvoltage, overload, circuit stability and long service life.

Application & Bag Type

Application: suitable for all kind of powder such as medicinal powder, amylum, enzyme powder, coffee powder, pearl powder, paprika, lime powder etc.

Technical Parameters

Model	KV-100FS	KV-160FS
Film Roll Width	Max.300mm	Max.300mm
Bag Length	Max.180mm	Max.200mm
Bag Width	Max.100mm	Max.150mm
Packing Capacity	Max.100mL	max.5000mL
Packing Speed	Max.70bags/min	
Film Roll	Max.320mm	
Membrane Thickness	8-10c	
Power	220V, 50Hz, 1.2kW
