

## Sweet Chili Sauce Packing Machine

The sweet chili sauce packing machine is heat sealing, continuous working with large capacity.

The machine use computer control, with photo cell tracking, intelligent temperature controlling

### Product feature and application

This sweet chili sauce packing machine is suitable for many different package materials, like paper/pe, pet/pe, pet/al/pe and etc; Widely used for packing honey, salad dressing, ketchup, tomato paste, chili paste, peanut paste, cyrup and etc.

### Main technological parameter:

|                    |   |
|--------------------|---|
| Packing Speed      | 15-50bags/min   |
| Bag-making Size    | (L)80-350mm, (W)80-250mm  |
| Filling range      | 300-1000g (different dosage need different cups)                                    |
| Film width         | 180-420mm   |
| Max. Film Diameter | 350mm   |
| Packing Material   | OPP/CPP PET/PE PET-AL/PE composite material, single layer PE, foil plating material |
| Film thickness     | 0.04-0.08mm   |
| Air Consumption    | 0.36m <sup>3</sup> /min 0.6MPa  |
