

MIC V01 Semi Automatic Bottle Filling Machine

Features

1. Filling with piston pump. Driven by electricity and air compressor.
2. Filling volume can be easily adjusted.
3. The machine is all made of SUS304. Corrosion-resistant, compact structure, easy to operate, beautiful appearance, in line with GMP standards.
4. It can work automatically or controlled by a operation pedal.
5. Has single head, double heads and full pneumatic model. Our machine support special customization.
6. It is suitable for filling liquid and paste materials such as water, juice, oil, sauce, toothpaste, cosmetic cream, hand cream, honey, peanut butter etc. It is widely used in chemical industry, food, cosmetic, medicine, etc.

Powering Machine is one of the tippets semi automatic bottle filling machine, semi automatic liquid filling machine, semi automatic water bottle filling machine factory. During these years of exporting, Powering Machine now has rich experience in the worldwide markets.

Parameter

Model	MIC V01
Voltage	220V/380V 50/60HZ
Power	30W
Air Pressure	0.4-0.6MPa
Filling Speed	5-25 bottles/min
Filling Accuracy	±1%
Dimension(L*W*H)	1000*480*700mm
Filling Range	10-20ML. 25-250ML. 50-500ML.100-1000ML.250-2500ML. 1000-5000ML
Weight	35 Kg
Filling Material	Juice, Oil, Water, Sauce, Toothpaste, Cosmetic Cream, Hand Cream, Honey and etc
Note: If you need special customization. please feel free contact me.
