

HU-350X Under Paper Pillow Type Packaging Machine

HU-350X under paper pillow type packaging machine is suitable for the packaging of soft objects, blocks, long strips and loose objects such as towels, paper towels, noodles, egg rolls, sausages, squid, popsicles, soft candy, biscuits and fresh fruits. Optional equipment has coder, straight line seal wheel, mesh end seal, large touch screen.

Features:

1. Double frequency converter controlling, the bag length can be set and cut quickly. No need to adjust empty, one step in place, saving time and film.
2. Human-machine interface, parameters setting is convenient and fast.
3. Fault self-diagnosis function: the fault display is clear at a glance.
4. High-sensitivity photoelectric eye color tracking, digital input sealing and cutting position, making the sealing and cutting position more accurate.
5. Temperature independent PID control, better suited to a variety of packaging materials.
6. Positioning stop function: no sticking knife, no waste film.
7. The transmission system is simple. The operation is more reliable, and the maintenance is more convenient.
8. All control is realized by software, which is convenient for function adjustment and technology upgrade, and never lags behind.

Specification:

Model	HU-350X
Film width	Max.350mm
Bag length	65~190mm or 120~280mm
Bag width	50-160mm
Product height	Max.45mm
Film roll diameter	Max.320mm
Packing speed	40~230 bags/ min
Power	220V, 50/60HZ, 2.8KVA
Machine size	(L)4020×(W)720×(H)1320
Machine weight	900Kg
