

MK-T20 Tea Bag Packaging Machine

The MK-T20 vertical form fill seal machine features an additional function for pasting tags on the tea bag, making it ideal for the packaging of tea bags with string and paper labels. It is an automatic machine for the sachet packing of broken tea, coffee, plants and similar products. The tea bag and tag are formed at simultaneously in order to prevent direct contact between operators and materials, thus ensuring a safe, hygienic performance.

Packaging materials:

Filter paper, cotton string, paper label (plastic-coated paper).

Additional Options:

- Packaging Line Feeder.
