

Double-Sided Self-adhesive Labeling Machine for Pet Bottles

This series of products are not only suitable for the s round can/jar/cylinder/bottle but also flat square two sides bottles in pharmaceutical, pesticide, food & chemical industries.

Introduction:

1. This series of products are not only suitable for the s round can/jar/cylinder/bottle but also flat square two sides bottles in pharmaceutical, pesticide, food & chemical industries.
2. It can automatically finish bottle-grouping, sending mark tape, separating labels synchronously, labeling and automatically printing batch number etc.
3. With mechanics technology, it adopts big torque motor to drive, and imported photoelectric control & PLC program control system, thus guaranteeing accurate labeling, stable, reliable and high efficiency.

Key Features:

- Double Sides labeling efficiently
- Suitable for a wide scope, such as flat, square and rectangle bottle etc.
- HMI system easy to operation
- Variable Speed with stepless motor
- Stainless Frame
- Stamping Coding Device attached
- Product display

Application

This one is a side labeling machine, suitable for single and double side labeling of flat bottles, square bottles, such as shampoo flat bottles, lubricating oil flat bottles, hand sanitizer bottles, etc. The two sides stickers are attached at the same time, this improves production efficiency.

Technical Parameters:

Labeling Speed	60-350pcs/min (Dependir
Height of Object	30-350mm
Thickness of Object	20-120mm
Height of Label	15-140mm
Length of Label	25-300mm
Label Roller Inside Diameter	76mm
Label Roller Outside Diameter	420mm
Accuracy of Labeling	±1mm
Power Supply	220V 50/60HZ 3.5KW Sing
Gas Consumption of Printer	5Kg/cm ²
Size of Labeling Machine	2800(L) × 1650(W) × 1500(H)
Weight of Labeling Machine	450Kg
