

CK-DZ400-2 Meat Sausage Double Chamber Vacuum Packing Machine

This double-chamber meat vacuum packing machine is suitable for food industry chicken legs, duck legs, duck tongue, duck head, meat, soybeans, corn, quail eggs, duck eggs, preserved fruits, grain, soy products, chemicals, herbs, yam, electronic components.

Meat vacuum packing of military products and other granules can prevent the product from being oxidized, mildewed, spoiled, moisture-proof, preserved, preserved, preserved, and preserved in color to extend the shelf life. At the same time, some soft articles are vacuum-packed to reduce the packaging volume. Easy to transport and store. The heating system is separated inside and outside, easy to replace, not easy to leak, and the heating strip is durable after special treatment, avoiding frequent replacement of the heating strip.

Technical Data

Model	CK-DZ400-2
Vacuum Chamber Size	465*490*40MM
Number of Sealing Bars L*W	Double seal 400*10MM
Max Filling Space	400MM
Machine Size	105*63*97CM
Packaging Size	115*73*112CM
Opening Height	110CM
Machine Weight	160KG
Adjust Heat Sealing Time	1-9.9s
Vacuum Pump Efficiency	20m ³ /h
Vacuum Pump Power	900W
Machine Voltage	220V/50HZ
