

## *WB-180C Automatic Inner Outer Tea Bag Packing Machine*

WB-180C Automatic Inner outer Tea Bag Packing Machine compared with similar products on the market, it has incomparable outstanding advantages in terms of performance, quality, appearance, etc., and enjoys a good reputation in the market. Weibang summarizes the defects of past products, and continuously improves them. The specifications of WB-180C Automatic Inner outer Tea Bag Packing Machine can be customized according to your needs.

WB-180C used for packing tea, Chinese herbs, coffee, ect.

Its features are PLC control, touch screen display, cup volumetric filler measurement. This machine is the latest type of multi-function tea bag packaging machine. Machine body and product touching parts are made of 304 stainless steel.

### **Features and Function**

1. PLC control, touch screen display, cup volumetric filler measurement (optional: electronic scales measurement), this machine is the latest type of multi-functional tea bag packaging machine.
2. One-time complete inner and outer bag packing, to avoid contacting with the product by hand directly.
3. Inner bag is food grade filter paper, which is automatically bonded with the cotton thread and the label, and the outer bag is made of a heat- sealable composite film.
4. Machine body and product touching parts are made of 304 stainless steel.

**Technical parameter:**

<b>Type</b>	Multi-Function Packaging Machine
<b>Item Name</b>	Tea Bag Coffee Pouch Packing Machine
<b>Packing Speed</b>	20-60 bags/min
<b>Voltage</b>	220V,50/60Hz
<b>Place Of Origin</b>	China Jiangsu
<b>Core Components</b>	Motor, Pressure vessel, PLC, Other, Engine
<b>Dimension(L*W*H)</b>	1200*900*1900
