

ZH-110 Horizontal Form Fill Seal Machine

The ZH-110 Horizontal Form Fill Seal machine manufactured by a top packaging company is an embodiment of invention and dependability. This manufacturer is known for making precise and modern machines, which makes them the best source of advanced packing solutions. The ZH-110 HFFS Machine represents the high standards that this manufacturer has set in ensuring that it delivers to its customers' expectations optimally as well as offering seamless integration, versatility, and outstanding performance in diverse applications. The maker has continued to be a trailblazer in the packaging machinery sector by maintaining a focus on quality, efficient processes, and customer satisfaction thereby enabling their clients to attain optimal production process efficiency while adapting to ever-changing market trends. Even with food pharmaceuticals or cosmetics among others, innovation driving progress and success for businesses worldwide remains the hallmark of the ZH-110 Horizontal Form Fill Seal Machine Manufacturer

Technical Specification

Model	ZH-110
Machine Type	Horizontal Form Fill Seal (HFFS)
Operation	Automated
Packaging Material	Various films (e.g., polyethylene, polypropylene)
Maximum Film Width	1100 mm
Bag Length	80 – 450 mm
Bag Width	80 – 260 mm
Film Thickness	0.04 – 0.12 mm
Speed	Up to 100 bags per minute
Power Supply	220V, 50Hz
Power Consumption	5 kW
Air Pressure	0.6 MPa
Air Consumption	0.6 m ³ /min
Machine Weight	1200 kg
Overall Dimensions (LxWxH)	4600 x 950 x 1600 mm
Control System	PLC with a touchscreen interface
