

## ***DFXC5050XI Carton Sealer with Labeling***

The machine uses instant adhesive tape to complete the upper and lower sealing of the box, and at the same time uses the folded sheet to complete the labeling. The sealing is firm, the labeling position is adjustable, and the packaging efficiency is high. It is widely used in logistics and e-commerce industries.

### **Specification:**

<b>Model</b>	<b>DFXC5050XI</b>
Sealing capacity	18m/Min
Adhesive tape used	BOPP, PVC adhesive tape
Width of adhesive tape	36, 45,mm
Power sources	220V,50Hz or 110V 60HZ 500W
Folded label size(width)	20-100mm
Max. sealing dimensions (WxH)	500x 500mm
Min. sealing dimensions (WxH)	80x 90mm
