## *Automatic Soft Drinks Beverage Mineral Water Bottle OPP Wrap-around Hot Melt Glue Labeling Machine For Soda Drinks*

A hot glue labeling machine applies labels to products using hot melt adhesive. Labels are fed into the machine's labeling head, where they are glued with hot melt adhesive. Products are fed through the labeling head, where the label is applied. These machines are commonly used in the packaging industry for labeling bottles, cans, jars. The hot glue adhesive is able to withstand various environmental conditions, making it suitable for a wide range of industries such as food, beverage, and pharmaceutical.

### **Main Feature**

- ▶ High working speed, it can label 12000-15000 BPH, suitable for large scale production
- ▶ High labeling accuracy, it ensures that labels are correctly aligned and centered.
- ▶ It can work with filling and capping machine to finish complete production.

## Parameter

- Voltage: 380V 50Hz 3 Phase
- Power: 8kW
- Station: 12 Stations(Can be customized)
- Labeling Speed: About 12000-15000BPH
- Labeling Accuracy:  $\pm 1$ mm
- Max Label Size: 140mm(W)\*430mm(L) (Can be customized)
- Label Roll Outer Diameter: Max 600mm
- Label Roll Inner Diameter: 152mm
- Gluing Temperature: 120-160°C
- Type of Labels: OPP film labels, paper-plastic composite film labels, paper labels.
- Conveyor Height: 1050 $\pm$ 30mm(Adjustable)
- Conveying Speed: 30m/min(Adjustable)
- Machine Weight: About 2000kg
- Machine Size: About 3100\*1350\*2100mm(L\*W\*H)
